

One of the seven emirates of the United Arab Emirates (UAE), Dubai is now home to nearly 200 nationalities and one of the most cosmopolitan cities in the world. Dubai is a future-driven, pro-business destination and world leader in financial services, technology, logistics, and research and development.

of commercial services

#1

Globally for trade
to GDP ratio

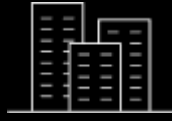

#1

In MENA for startup
funding

#3

Globally for foreign
direct investment

#5

Best city in
the world

The venture capital environment in Dubai is flourishing. Dubai is home to one-third of all Middle East and North Africa (MENA) investors, with tech investments proving the most popular avenue of investment. Other potential sources of finance include growth-stage funding, angel investors and venture capital firms.
